Any special Comments for Staff

1. Please always keep inform the participant about the timing of the service if you are getting late by calling. 2. Excellent customer service interaction is very important. Always ask the Kashif Fazal if he/she is happy with the service or not. 3. Always encourage her to speak up if she has any issue or not satisfied with the service. 4. Make sure participant to maximize the service hours. For example, if the service is for 2 hours and you finish whatever required in less than 1 hour, the remaining one hour you can do something else or ask the participant some other thing.
